

Maryland /District of Columbia  
Society for Respiratory Care

Conference By The Sea  
September 5-7, 2007

**Open Forum - Call for Abstracts – Deadline August 1, 2007**

Conference By The Sea 2007 will include an Open Forum to highlight the important work of clinicians in Maryland and the District of Columbia. The principle authors of the top 5 abstracts will be awarded free registration to the conference and will be invited to present their findings in a special conference break-out session.

**Submission Guidelines**

1. Abstract may report (1) an original study, (2) the evaluation of a method, device or protocol, or (3) a case study. Topic may be aspects of adult care, continuing care/rehabilitation, perinatology/pediatrics, cardiopulmonary technology, or health care delivery.
2. The abstract must include all important data, findings and conclusions. Give specific information. Do not write general statements as “Results will be presented...” or “Significance will be discussed.”
3. Abstract submission must fit on one 8 ½ " X 11" paper.
4. Do not use font size less than 10 points.
5. Only the principle author is eligible for free conference registration.
6. Electronic submission is preferred. Send to;
